Our full-service diploma completion program is delivered through a hybrid instructor led schedule. This program is supported with recruiting, transcript analysis, technology, coaching and mentoring, social emotional learning assessment and intervention, and robust support services.

NW Connect utilizes Edgenuity credit recovery courses to give students the opportunity to recover lost credits so they can graduate on time. Students will focus on the skills they need to improve to be successful. NW Connect also offers Dual Enrollment with local colleges.

Students spend their time in the classroom working toward their diplomas and also mastering the skills and industry-recognized certifications they need to succeed in high demand careers through hands-on work experience.

Northwest Community Schools has an established partnerships to help support students with College and Career Readiness decisions.
