We are...Northwest! Go Mounties!

April 2, 2020

Good Afternoon Mountie Nation:

I want to let you all know that our Northwest Team is thinking of each and everyone of you during this unique and challenging time. The responses and reactions that we have received from our Mountie Nation have been nothing short of amazing!

Today, Governor Whitmer issued an [Executive Order](#) to suspend face-to-face learning at K-12 school districts for the remainder of the 2019-2020 school year. This order is very bittersweet. The safety and health of our students and staff is and has always been our number one priority. However, the normalcy of our day to day interactions, school events, and activities will be truly missed by all.

Although this is a new educational path for all of us, please know that in the past several weeks during the “educational pause”, our NW Administrative team has been planning for several different scenarios with one goal in mind; to make this continuous learning process as positive and as simple for staff and students. This task will not be easy, but as a community, we will work together to ensure the success and growth of all of our students and this will make our Mountie Nation even stronger.

In the coming days, we will be providing information regarding our Northwest Continuous Learning Plan with guidance to many of the questions you and your family may have regarding your child’s education, school events, and activities scheduled for the end of the year. We will be sure to communicate and be available to support you and our students every step of the way.

We understand that you may have a lot of questions, comments, or concerns. We have set up a [virtual comment box](#) for you to submit these to our district. We will answer the questions as timely as we can with the most up to date information.

We are...Northwest!

Go Mounties!

Geoff Bontrager, Ed.S.
