We are...Northwest! Go Mounties!

MEDIA RELEASE- November 13, 2020

Due to current and pending COVID-19 cases in our District, effective Monday, November 16, 2020, Northwest Community Schools will transition to remote learning for ALL BUILDINGS until November 30, 2020. As we know, circumstances change daily and the situation will be assessed prior to the return of staff and students on Monday, November 30, 2020.

Please check your email for more information and nwschools.org for specific building information and expectations for students and parents.

This is not an emergency release situation. Elementary students will be released at normal times today and will be sent home with the materials that they will need for the coming weeks.

Information regarding meals for students from the NW/SFE Food Service will be sent out to parents as soon as possible. Please check the [NW/SFE Foodservice website](#) for updates.

Northwest Preschool and Childcare will remain open.

Thank you for your patience and understanding as we continue to work through these challenging times.
