

## Setting up your Performance Bands in Data Director:

When looking at data for your end of the term assessment, it is helpful to properly set up your performance bands according to the grading scale.

The “default mode” is misleading. It is not helpful when you are trying to disseminate your student data. This is what it looks like in the default mode:

Performance Band	Start Percentage	End Percentage
Far Below Basic	0%	20%
Below Basic	20.01%	40%
Basic	40.01%	60%
Proficient	60.01%	80%
Advanced	80.01%	100%

This is what the Performance Bands Should look like as you set up your test:

Performance Band	Start Percentage	End Percentage
E	0%	59.99%
D	60%	69.99%
C	70%	79.99%
B	80%	89.99%
A	90%	100%
